

Qdos

Design by Justus Kolberg

Qdos has taken years to make. We've pushed further than ever before creating a product from scratch that will make life better and make you better for sitting on it.

Underneath the finest upholstery and a crisp aluminum frame is pure engineered excellence; its exoskeleton molds and contours to your body meaning you get the utmost support whilst sat in a chair that demands prestige.

Design

Design by Justus Kolberg

Justus Kolberg has been running his own design studio in Hamburg since 1997 after completing his studies in industrial design at the Muthesius Academy of Fine Arts and Design in Kiel in 1990.

ustus has received numerous honors including the IF Hannover Product Design Award, the Red Dot Design Centrum NRW, the IDEA-Gold Industrial Design Excellence Award and the Japanese Good Design Award.
